

# Billy Barracouta

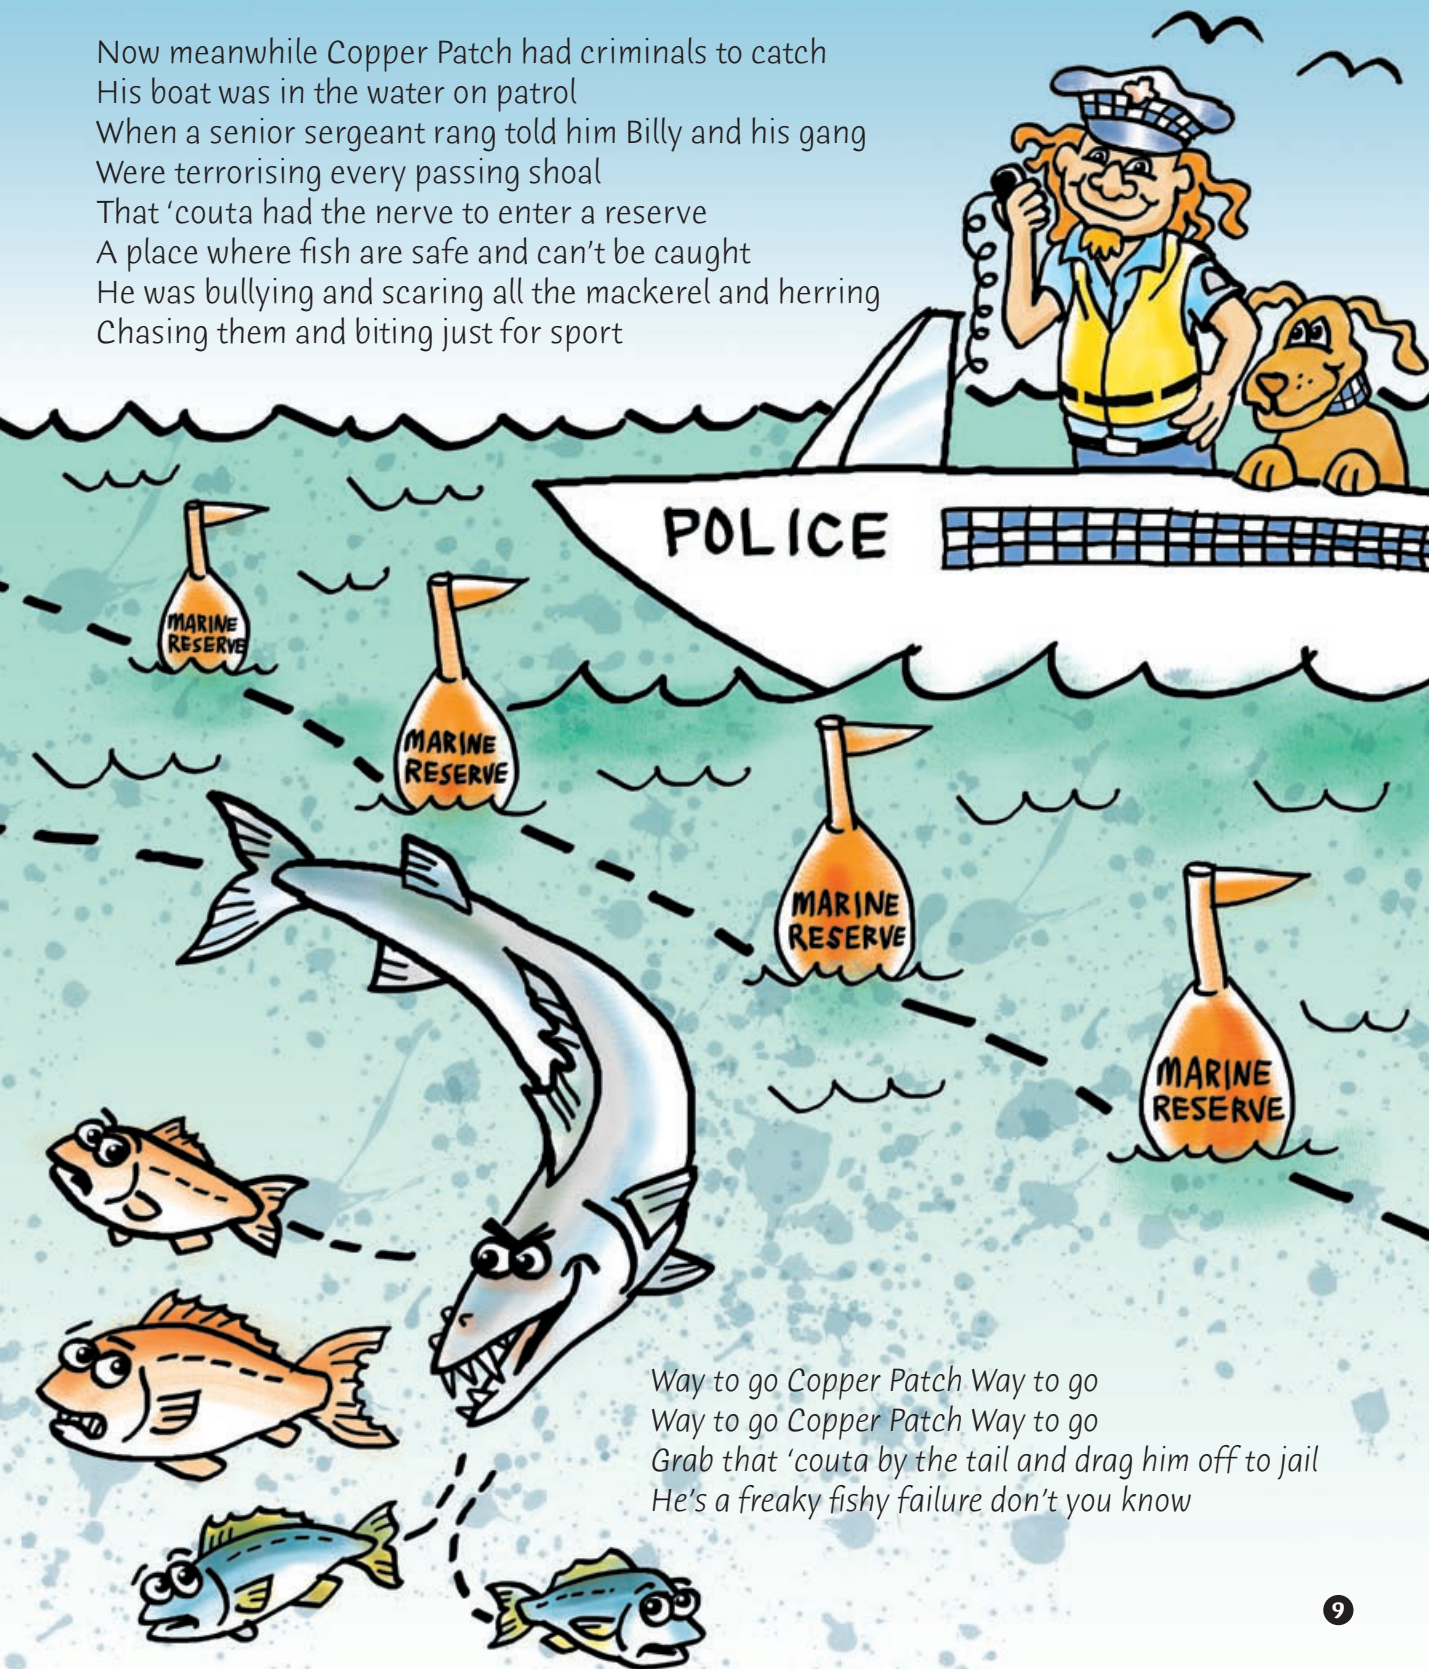

Billy Barracouta thought that he was cuter  
Than all the fancy fishes in the sea  
But Billy Barracouta had hickeys on his hooter  
Plus a yicky personality  
Billy was a bully, an ugly bugly bully  
The leader of a barracouta gang  
He had worms in his skin and a greedy grubby grin  
And teeth as long and sharp as any fang

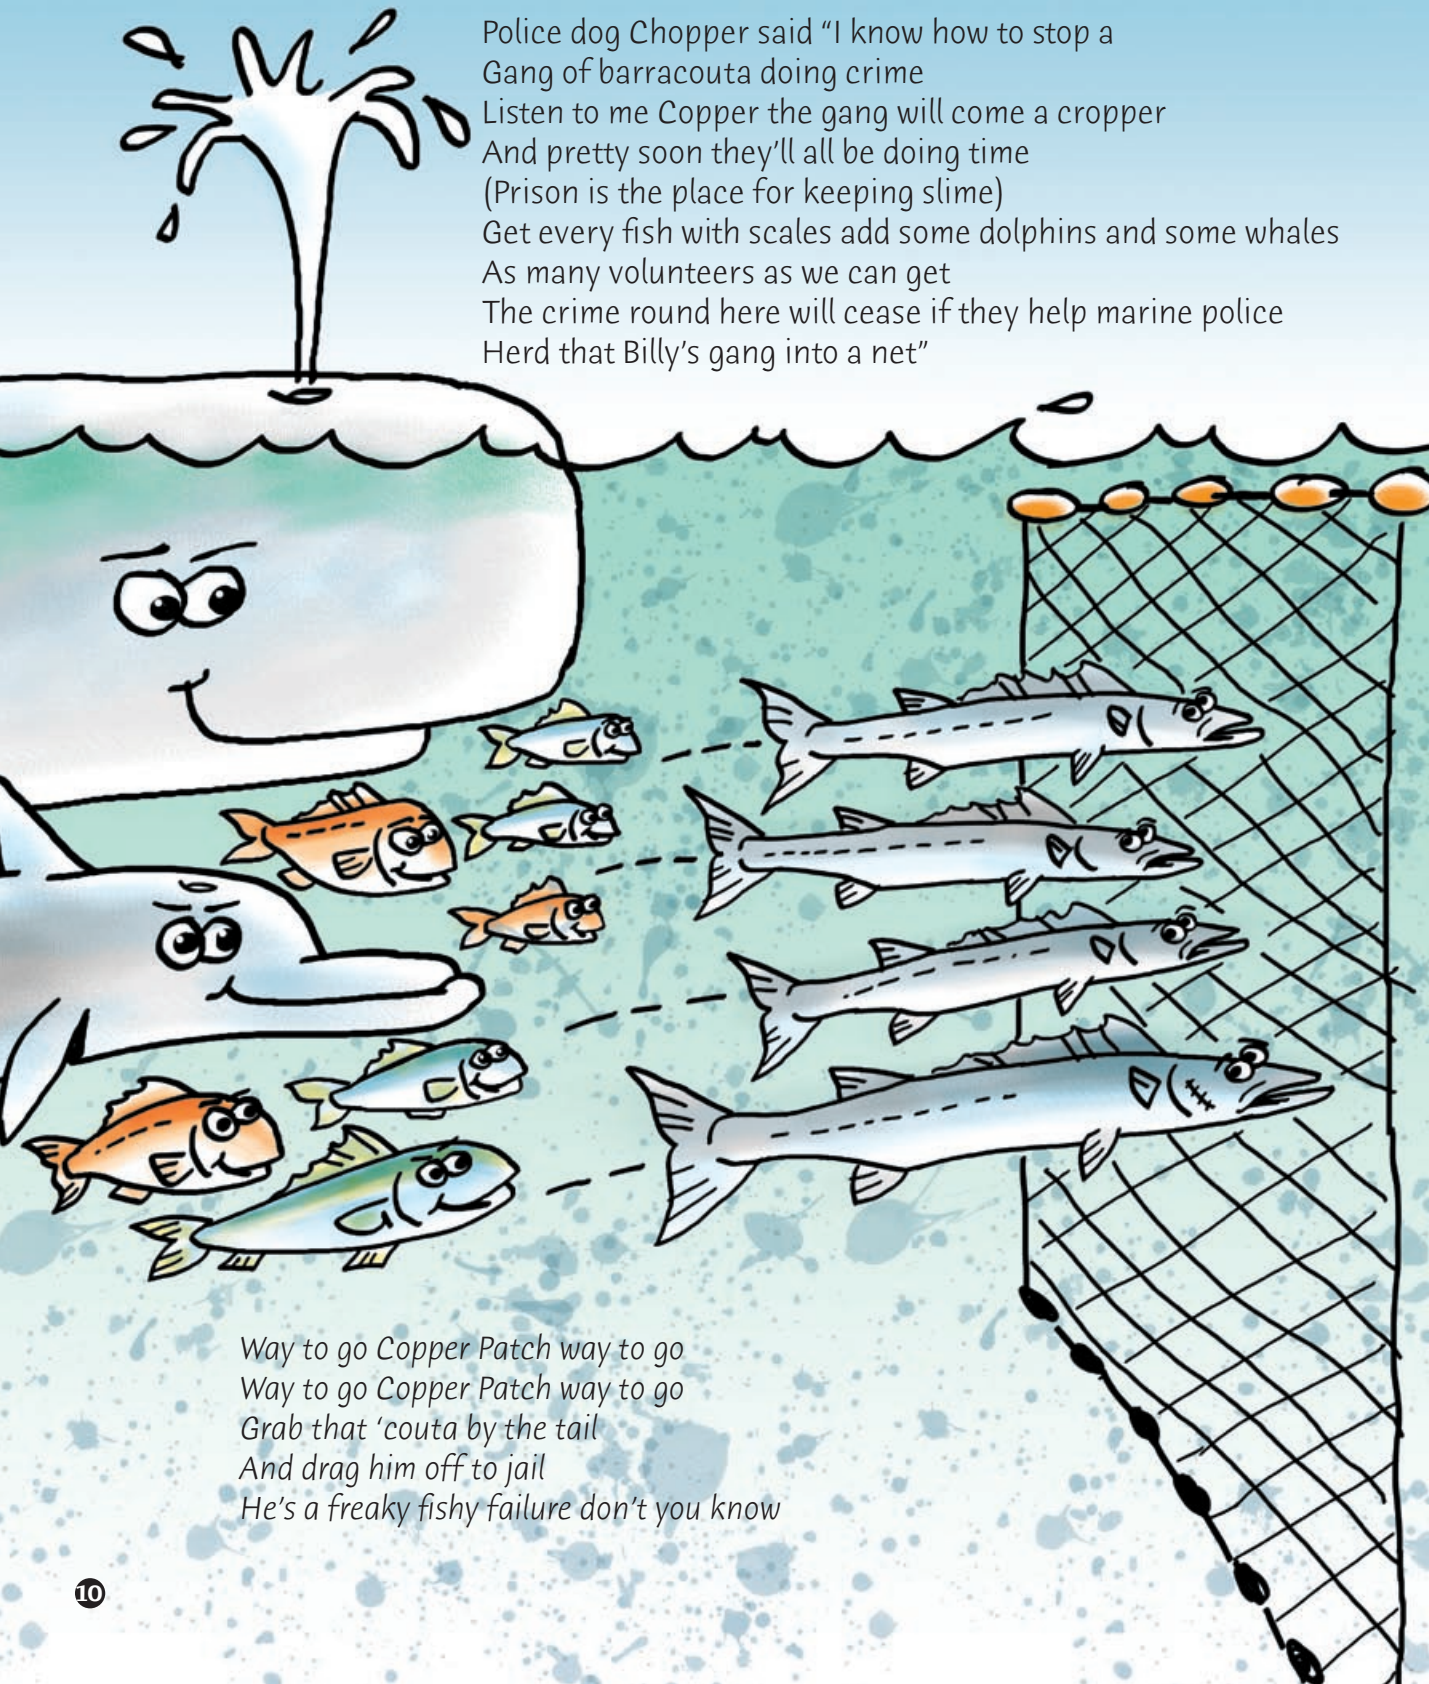

*Swim away barracouta swim away  
Swim away barracouta swim away  
We don't want you here stealing fishing gear  
And chasing all the nicer fish away*

Now meanwhile Copper Patch had criminals to catch  
His boat was in the water on patrol  
When a senior sergeant rang told him Billy and his gang  
Were terrorising every passing shoal  
That 'couta had the nerve to enter a reserve  
A place where fish are safe and can't be caught  
He was bullying and scaring all the mackerel and herring  
Chasing them and biting just for sport

Way to go Copper Patch Way to go  
Way to go Copper Patch Way to go  
Grab that 'couta by the tail and drag him off to jail  
He's a freaky fishy failure don't you know

Police dog Chopper said "I know how to stop a  
Gang of barracouta doing crime  
Listen to me Copper the gang will come a cropper  
And pretty soon they'll all be doing time  
(Prison is the place for keeping slime)  
Get every fish with scales add some dolphins and some whales  
As many volunteers as we can get  
The crime round here will cease if they help marine police  
Herd that Billy's gang into a net"

*Way to go Copper Patch way to go  
Way to go Copper Patch way to go  
Grab that 'couta by the tail  
And drag him off to jail  
He's a freaky fishy failure don't you know*

So Copper Patch and Chopper caught the Barracouta mob  
That policeman thanked the sea creatures for helping with the job  
So don't forget to call them if you think you need a hand  
The boys in blue will help you too and Hiwi says that's grand
