

Paua For The People

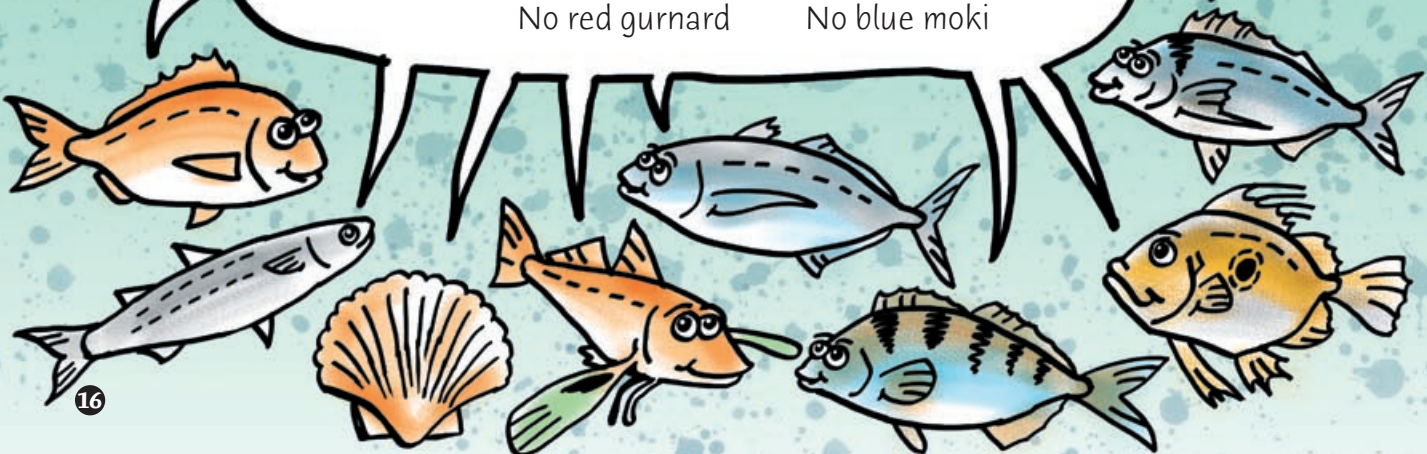

(Chorus)

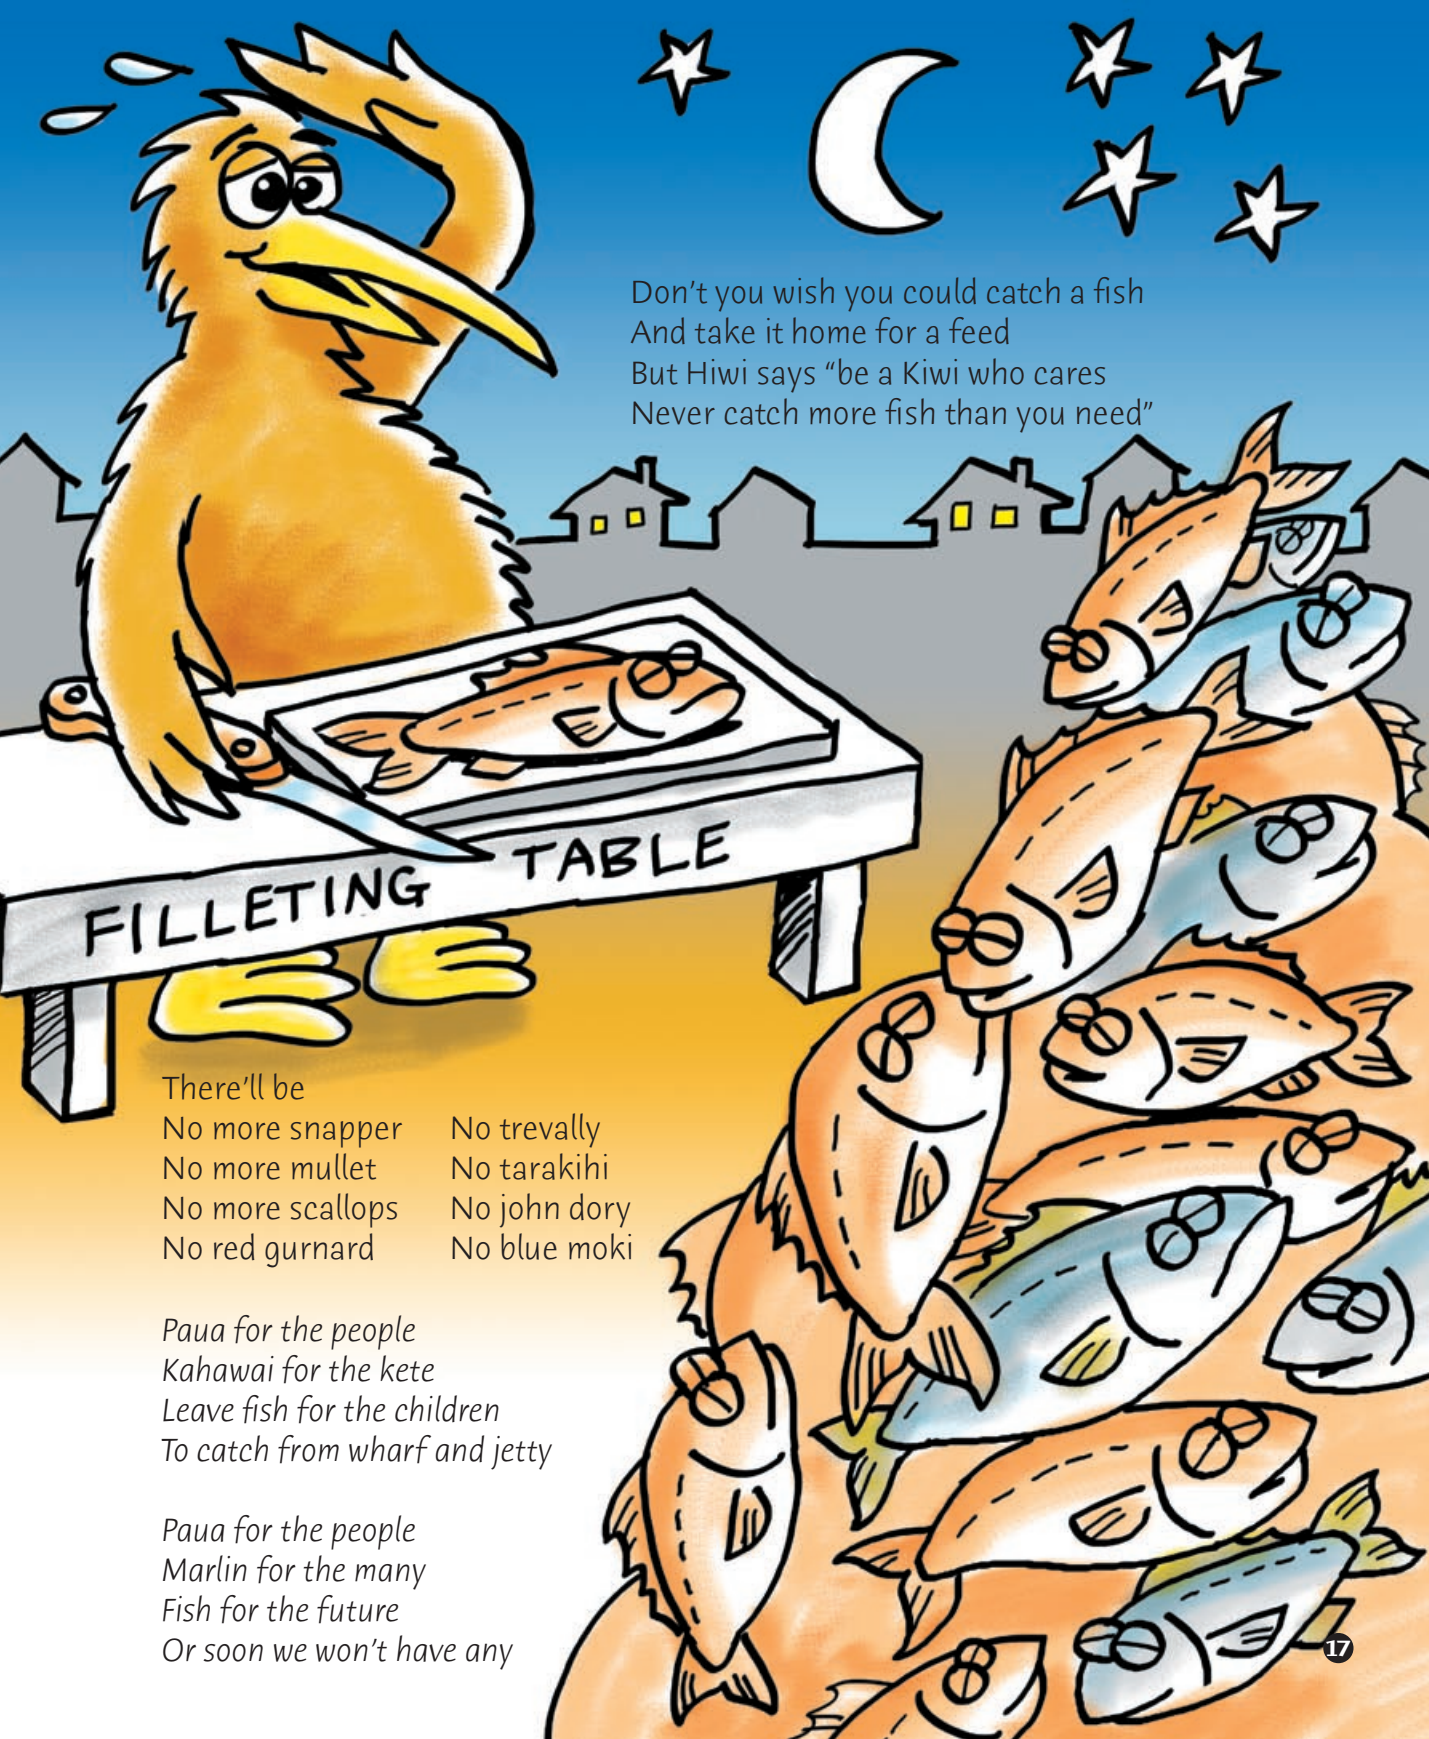

*Paua for the people
Kahawai for the kete
Leave fish for the children
To catch from wharf and jetty*

*Paua for the people
Marlin for the many
Fish for the future
Or soon we won't have any*

(Kids chant) There'll be
No more snapper No trevally
No more mullet No tarakihi
No more scallops No john dory
No red gurnard No blue moki

Don't you wish you could catch a fish
And take it home for a feed
But Hiwi says "be a Kiwi who cares
Never catch more fish than you need"

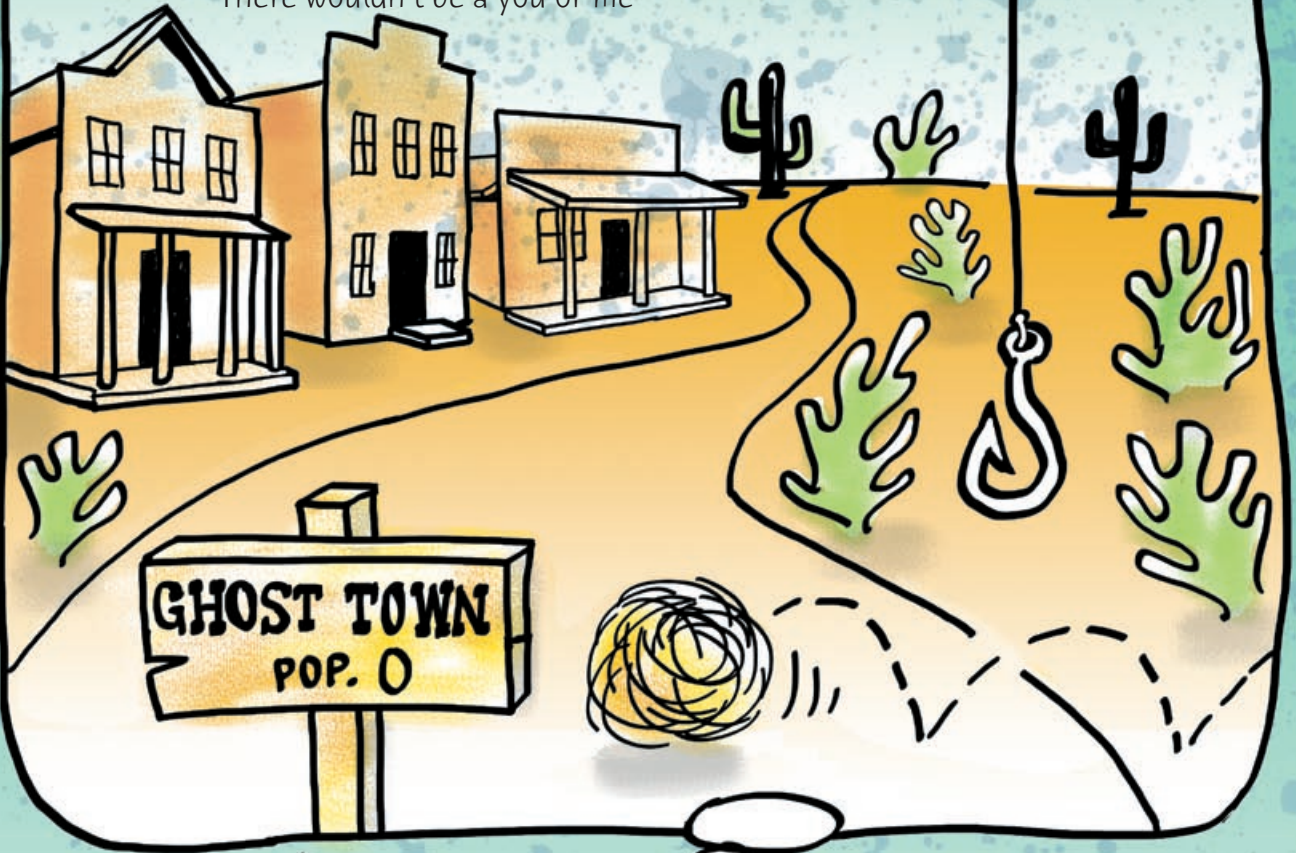

There'll be
No more snapper
No more mullet
No more scallops
No red gurnard

No trevally
No tarakihi
No john dory
No blue moki

*Paua for the people
Kahawai for the kete
Leave fish for the children
To catch from wharf and jetty*

*Paua for the people
Marlin for the many
Fish for the future
Or soon we won't have any*

Said the kingie to the cod "Do you think it would be odd
 With no more fish in the sea
 Tell me what you think coz I reckon that it's stink
 There wouldn't be a you or me"

There'll be

No more snapper

No more mullet

No more scallops

No red gurnard

No trevally

No tarakihi

No john dory

No blue moki

Paua for the people

Kahawai for the kete

Leave fish for the children

To catch from wharf and jetty

Paua for the people

Marlin for the many

Fish for the future

Or soon we won't have any

Said the cod "Use your brain, we can start a campaign
Tell the people of our nation
We've gotta get it right, we fish are worth the fight
Let's practise conservation"

There'll be
No more snapper
No more mullet
No more scallops
No red gurnard

No trevally
No tarakihi
No john dory
No blue moki

*Paua for the people
Kahawai for the kete
Leave fish for the children
To catch from wharf and jetty
Paua for the people
Marlin for the many
Fish for the future
Or soon we won't have any*
